SCHOOL BOND ISSUE DEFEATED.

The \$50,000 bond issue for an additional school building, submitted to a vote of the citizens of Paris Saturday at the polls, failed to receive the necessary two-thirds majority, and was defeated. A total of 465 votes was cast in the election, 267 being in favor of the issue and 198 opposed.

It is claimed that the failure to carry the proposition was due for the most part because the members of the City Board of Education would not make a definite promise to erect the proposed building in the south end of the city. A large number of school children live in that section who have to come a mile or more in all kinds of weather to reach the present City School building on Seventh street. There has been considerable friction from the start in regard to the location of the proposed new building. While many wanted it located in South Paris, many others contended it should be made part of the building on Seventh, each adherent advancing plausible arguments in behalf of their contentions.

The vote by precincts was as follows:

Precinct	Yes	No
Paris No. 1	27	17
Paris No. 2	35	10
Paris No. 3	12	50
Paris No. 4	40	28
Paris No. 5	24	12
Paris No. 6	29	19
Paris No. 7	39	28
Paris No. 8	10	4
Paris No. 9	31	13
Paris No. 10	20	17

In spite of the extremely overcrowded condition of the City Schools at the present time the Paris High School last year drew more money from the Federal Government under the provisions of the Smith-Hughes act for vocational education than any other school in Kentucky, with the exception of the combined secondary schools of Louisville, according to the report of the Smith-Hughes funds in Kentucky.

PARIS MAN IMPLICATED IN MOONSHINE RAID

In Carlisle Saturday, Sheriff Gaunce, Deputy Sheriff Barton and Policeman C. P. Dunn raided the home of Mrs. Bessie Dunn, where they found fifteen gallons of moonshine liquor and placed Mrs. Dunn under arrest. She was released on bond pending a preliminary hearing.

Mrs. Dunn is understood to have told the officials that the liquor belonged to Robert Van Sant, of Paris, and his automobile was said to have been found in front of the home of Mrs. Dunn, who is a sister of Jos. Walden, owner of one of the largest groceries in Carlisle.

Van Sant formerly lived in Paris, where he conducted a livery stable in the lower floor of the Butler building at the corner of Main and Second streets. It was said that he had moved to Carlisle to reside.

COURT NEWS

In the County Court Judge Geo. Batterton imposed a fine of \$14.50 on William Rankin on a charge of breach of the peace. Minnie Harris, charged with breach of the peace, was dismissed. The case against Robert Butler, charged with hunting on the premises of another without permission, was continued.

Morris Shanks, a young white man residing near Paris, was held to the grand jury at the March term of Bourbon Circuit Court on the charge of selling turkeys alleged to have been stolen from Mrs. Angie Houston, of near Paris. Shanks furnished bond in the sum of \$250, and was discharged from custody. Nelson Porter, colored, was fined \$60 and costs, to be worked out at hard labor if not paid, on a charge of stealing corn from Robert Meteer's farm near Hutchison, which he was alleged to have disposed of to Paris merchants during the past summer.

In the Court of Appeals at Frankfort, Friday, the case of Kreigel vs. Harris, Speakes & Harris, from the Bourbon Circuit Court, was reversed. The question in controversy was over the payment of \$2,000 for making the sale of Kriegel's farm on the Bethlehem pike, near Paris, to the Bourbon Nurseries. The amount was paid to Harris, Speakes & Harris, and suit was brought later to recover same, judgment being given to Kriegel in the Bourbon court. An appeal was taken from this. The effect of the latter judgment is to sustain the contention of Harris, Speakes & Harris, who were represented by Talbott & Whitley, of Paris.

In the County Court Mary Hill True was appointed by County Judge George Batterton as administratrix, with the will annexed, of the estate of the late Mrs. Alice B. Violet, of Cincinnati, who was killed by her husband last summer. Mrs. True accepted the trust and qualified by furnishing bond in the sum of \$6,000, with Walter B. Violet as surety.

SOME WINTER WEATHER

Decidedly the coldest winter weather of the season struck this vicinity yesterday morning, coming down from the frozen north and northwest, where weather of the most frigid kind prevails. The Weather Bureau reported the mercury as ranging from 34 degrees below zero at Medicine Hat, Manitoba, to seventy-six above at Miami, Florida. For the first time this winter water plugs, hydrants and pipes were frozen in Paris, causing some inconvenience to housekeepers. The mercury was reported in some places in the city as registering only twelve above zero, the lowest of the season.

RECOMMENDS MERGER OF TROT- TING ASSOCIATIONS

Amalgamation of the National Trotting Association was recommended in a joint committee report, before the board of review of the national association in New York. Under the plan the name of the National Trotting Association would be retained by the combination. The report also expressed hope that the American Trotting Association would join the alliance.

Morality means something more than just refraining from some things. It means being splendidly addicted to worthy things.

BASKET BALL NOTES

In a slow game, devoid of interest, at the Y gymnasium, Friday night, the local Y. M. C. A. basketball team defeated the Lexington Y team by the score of 32 to 25. Paris took the lead in the early part of the game, and held it throughout. The first half ended 14 to 12 in favor of the Paris team. Chipley and Kenney were the main point getters for the Paris team, while Underwood, who was a member of last year's "Blue Devils" in Lexington, delivered the goods for the Fayette aggregation. There was a good-sized crowd out for the game, despite many counter attractions.

The Paris High School basketball team has the brightest prospects in years for a winning team, and from the strenuous workouts and material on hand, Coach C. C. Dawes has hopes of turning out the strongest basket ball five in many years. The squad was cut the past week from 38 to 18 men, and the remaining cagers will have a hard time earning positions on the team. The Paris girls' quintet is not short of good material and when they aid the boys' five in opening the 1923 season with a double header with the Lexington Senior High School basketballers, hard fought contests are to be expected.

Alex "Chuck" Rice, of Paris, who is a candidate for a varsity basketball berth at the University of Kentucky this season, is ill with a severe case of tonsillitis and will be unable to report for practice until late in the week.

Miss Sarah Blanding, former member of the Paris High School faculty, and former member of the Lexington High School Girls' basketball team, has been elected as captain of the University of Kentucky "Kittens" net team. Miss Blanding was coach of the team the past season.

A basketball team composed of former members of the Blue Grass Base Ball League, has been organized, with headquarters at Paris, Raymond Miner, former pitcher for the Paris and Maysville teams, has been elected manager, and has issued a challenge to any basketball team in the State. Any team desiring to book games with this organization, may call Mr. Miner at the Fordham Hotel, in Paris, or at his home, Quicksand, Ky.

The Freshman girls' basketball team of the Paris High School will play the Sophomores, and the Juniors will play the Seniors in the

AUTOMOBILE ACCIDENTS

Mrs. Graham Young, of North Middletown, was badly bruised about the face and mouth as the result of an automobile accident, while she was returning to her home. Mrs. Young, Mr. and Mrs. Charles C. Clarke and their two little daughters were in the machine, Mrs. Young being the only one injured.

Mr. Clark stated that he was driving at the rate of about twenty-five miles an hour when he saw a small machine coming toward Paris, and a loaded truck going toward North Middletown. Both cars were ahead of him, and neither, it was alleged, had lights burning. Mr. Clarke thought the two cars were passing each other, and applied his emergency brakes, but was not able to stop his car on account of the slippery condition of the road.

A pole extending from the truck pierced the windshield of the Clarke automobile, striking the occupants of the front seat and badly damaging the car, which was later brought back to Paris. The truck, it was stated, was driven by Chas. Butler, of North Middletown, and the other car by a Cincinnati man.

Miss Irene Stagg, circulation solicitor for the Lexington Herald, sustained slight injuries when the car in which she was riding, with H. A. Hirsch, also an employe of the Herald, was struck by an automobile, on the Paris uike. The occupants of the Herald machine were thrown out when the machine ran into a barbed wire fence on the side of the road. Both cars were driving in the direction of Paris. Miss Stagg was not seriously hurt, and was able to come to Paris, where her injuries received medical attention.

Ed. T. Rule, of the Metropolitan Life Insurance Co.'s force, who was injured in an auto collision several days ago, is suffering with a broken bone in one hand. The injury was not known until some time after the accident, when an X-ray examination disclosed the bone to be broken.

It isn't so hard to get along with folks; generally all you have to do is to let them have their way.

EDITORIAL FLINGS

"Gather ye rosebuds while ye may,"
Old Time is still gallumping
And if your shopping you delayed
To-morrow you'll be jumping.

The girl of old, with heart of gold
We loved her some,
Now if we're smart we find the heart
Is made of platinum.

Just about this time of the year
when a paragraphist has nothing to
say he advises his readers to put
Christmas seals on their packages,
and very often that's the wisest and
timeliest thing he has to say.

What a lot of "us" middle-aged
brainworkers haven't enough brains
to grasp is why the Ford employees
who draw \$350 a month each as
wages while they surreptitiously
absent themselves to go to college
wanted to go to college!

The Richmond Daily Register
says hunters in Madison county re-
port that there is an abundance of
rabbits this year. Yes, and not-
withstanding the widespread disre-
gard of protective laws there are
many fish in most of the streams in
Kentucky—meaning crawfish.

Children are not always more sen-
sible than grown-ups, but they can
celebrate Christmas without get-
ting drunk. And, under existing
circumstances it is more than likely
that the majority of Paris rounders
will celebrate the day without get-
ting drunk, either.

According to the findings of a new
science your hidden ills will soon be
revealed by your handwriting. Some
of the most prominent business men
and educators in Paris are getting
mighty sick, according to this, for
some of the copy sent to this office,
from a standpoint of chiropgraphy,
is simply punk.

Auto suggestion might be uti-
lized to make us remember to do
that Christmas shopping at once.
The ambitious and conscientious
shopper might repeat twenty times
on waking up: "This day, this day,
I'll get away and do my shopping
without delay." (Chorus of sales-
ladies and salesmen—"Oh, thank
you, kind sir.")

Governor Edwin Morrow said in
a speech in New York the other
day: "I believe that in this hour
of strange unrest the time of pay-
ment draws near."

You're blamed whistling, Ed—
the first of January always follows
the Christmas unrest, and then the
rest of the month is spent in un-
rest because of the first-of-the-year
bills that follow the Christmas un-
rest.

Bishop John M. Maxon, of Nash-
ville, former rector of the Paris
Episcopal church, has been awarded
the Kiwanis cup as the "best citi-
zen" of Nashville for the year now
drawing to a close. He wasn't such
a bad citizen while he was in Paris,
and we have no doubt the Tennessee
standard is just as high as our own.
The difference is that with us it is
always the ladies first.

Of all the observations made by
Clemenceau during his recent visit
to America there is none that is
more accurate than this one:

"Americans still love former Presi-
dent Wilson, and the reason why is
a simple one. In loving Wilson
Americans still love their country, a
country worthy of a strong man's
love, and worthy of a good man's
prayer."

"Losers weepers, finders keepers,"
Children used to say;
"Needn't feel bad, run a want ad,"
That's the modern way.

If they can find nothing else to
disagree about the average happily
married couple can quarrel for hours
over whether it is worse to put the
mucilage brush in the ink or the
pen in the mucilage.

The hunter who says he is going
to bring you a couple of rabbits or
birds next time he goes hunting is
a cousin to the fellow who is al-
ways promising to come around and
take you a nice auto ride.

The tobacco man now walks down
the street
He has a way that's hard to beat;
It matters not that others frown
He seems the gladdest man in town.

The average woman at any age
would like to dance every night,
and wonders why the able-bodied
middle-aged man so easily restrains
himself when he hears a brist of
jazz music. The fact of the matter
is that after a fellow has been sup-
porting a family for fifteen years
dancing all night does not exactly
express his sentiments.

The proposition to make a movie
story out of the Ten Commandments
was brilliant enough to justify the
awarding of a prize, but there's re-
ally nothing very new about it. The
commonest thing in the world to-
day is to declare as to such inhibi-
tions as "Thou shalt not kill," etc.,
that they're old stuff and must move
on.

Christmas is speeding along.
Only six more days until the day
of days will be here. The presence
of a Christmas spirit is more to
be desired than a present of spirits
at Christmas. It is a very beautiful
holiday, embodying the sweetest
and loveliest sentiment of which the
human race is capable. Everybody
feels the spirit of goodness and jolli-
ty. It is the spirit of doing some-
thing to make somebody else happy
that radiates gladness and lightens
the hearts of all. There are many
and divers ways of remembering
our friends. We will select and
send off remembrances to scores of
people. One of these will be gifts,
but the majority will be cards. It
makes no difference which form of
token is used so long as there is a
remembrance at Christmas. Gifts
do not have to be big if the spirit
is there. It is the spreading of
happiness that registers a real joy.
Sounds of healthy laughter
abound at Christmastide, just as
they do in the theatres where
audiences enjoy the jokes. Christ-
mas is coming. Let's forget all else
and make the day a happy one for
someone, somehow, someway.

SPIRIT OF CHRISTMAS DESCENDS ON CITY

Paris seemed to realize Saturday
the proximity of Christmas, and
many hundred shoppers were en-
gaged in the business section spend-
ing some of the large sums which
retailers estimate will be a part of
their December business.

Main street was comfortably filled
with shoppers. Pedestrians vied
with automobiles for right of way,
and in spite of the drizzling rain
and sleet, all afternoon there was
a noticeable lack of bad humor.
The holiday business officially be-
gan on Saturday, the merchants say,
and from now on walking space in
the stores and streets will be at a
premium. The Christmas spirit is
noticeable in the decorations of the
stores.

Managers of the Paris stores,
battling with Paris and Bourbon
county people for the past four
weeks to "Do Your Christmas Shop-
ping Early," have prepared as usual
for the deluge. The stores this
year, setting a record, put up their
Christmas decorations and placed
all their Christmas stocks out prac-
tically two weeks before the accus-
tomed time.

The effect produced, according to
one department store manager, was
that the people just won't come
down town and do their shopping
early. They hate to get out early in
the morning, and as a result the
stores have done the larger part of
their business in the afternoon
rush. "But things will change
from now on," he said. "They
will have to buy this week,
as it's too close to the actual date."

Most of the stores will be open
every day until six o'clock from now
on, and many others will begin to
keep open until nine o'clock at
night, in order to give the working
people a chance to do their shop-
ping.

GOOD THINGS TO EAT FOR CHRISTMAS SHOPPERS

We will have everything good
to eat in the way of short orders,
lunches, steaks, chops, etc., during
the holidays for the busy merchant,

pers.

CHRISTMAS ATMOSPHERE IN PARIS STORES

Paris stores have taken on a de-
cidedly Christmas air, and are
offering a varied line of the most
appealing things for Christmas, for
the young and old, for man, women
and children. Paris is blessed with
as many up-to-date stores as our
larger neighbors, and a better lot
than those of some of the surround-
ing towns. The selections for every
season of the year shown in the
Paris stores would do credit to
stores in much more pretentious
cities.

There is no need for any person
in Paris or Bourbon county to go
out of the county to make any sort
of Christmas purchase. Many peo-
ple from other towns come here to
do their shopping, for they can find
in our stores the things they want
and at prices that are lower than
in many other places.

Take a look through the Paris
stores to-day, and you will find
that what we have stated here is
the literal truth. See the many
fine lines of goods on display. Cour-
teous clerks will wait on you, and
will do their utmost to make you
feel that your patronage is appre-
ciated. Note the taste that has
been used in the selection of Christ-
mas stocks. Then start this Christ-
mas in the old-fashioned way by
purchasing all your gifts from the
Paris merchants. You'll feel bet-
ter by doing so.

A large amount of buncom has
been handed out by larger towns
about the advantages of trading in
a large city. Experience has
shown this claim to be unsupported
by facts. Paris merchants can
prove to your satisfaction that "it
pays to advertise" and that you
can do better by patronizing the
home merchant. Try it all the
time.

GET YOUR CHRISTMAS STATION- ERY NOW

About once a year most folks run
out of stationery at Christmas time
or just before, in which case the
forward-looking ones "manage
somehow," trusting to luck to find
some on the Christmas tree. So, no
matter to whom you give stationery
it will not be amiss.

It is very popular nowadays to
have one's name and address printed
on letters and envelopes. In
fact, the Postoffice Department at
Washington has rather insisted that
this should be done, as a matter of
precaution. Makes a useful gift and
is attractive and welcome. We
have a large number of styles to
select from. Just jot down the num-
ber of persons who would be de-
lighted to have a gift of this kind.
Then come here and you will find
that you can remember everyone of
them at a surprisingly small cost.

PARIS HIGH SCHOOL PROGRAMS FOR HOLIDAYS

The City Schools are finishing up the monthly examination and getting ready for the Christmas holidays, which begin Thursday afternoon, December 21. On Wednesday, December 20, and Thursday, December 21, attractive programs will be given by the different departments of the school.

The Home Economics Department will have an excellent program, beginning Wednesday, Dec. 20, at one o'clock, until noon Thursday. The Elementary Clothing classes of the Seventh, Eighth and Ninth grades will have their garments on display in the clothing laboratory. On Wednesday, from one to three-thirty o'clock, the Foods Department, under the direction of Miss Irene Evans, will serve tea.

On Wednesday evening, at 8:15, the pupils of Miss Irene Bramblett will give a recital. It will consist of two one-act plays, "The Neighbors," by Zona Gale, and "Mrs. Oakley's Telephone," by Enola Jennings. Everybody is invited to be the guest of Miss Bramblett at the Paris High School, and enjoy an evening of one-act plays.

Thursday morning, at eleven o'clock, the final Christmas program will be given. The Senior By-The-Wayside History Club will have charge of the Christmas exercises of the High School, which will be given in the Chapel Thursday morning, at eleven o'clock. There will be a Christmas tree, two scenes from the "Bird's Christmas Carol," and a Christmas gift for everybody.

You are especially invited to attend any of these exercises. We shall be glad to have you see the progress these different departments of the school are making. The teachers and students will welcome you to these exercises. You will enjoy seeing this work, and it will help you get the spirit of Christmas. Remember the dates, December 20 and 21.

KU KLUX KLAN SENDS CHRISTMAS DONATION

The Christmas spirit of giving was accentuated Saturday morning in a most substantial way by the local branch of the Ku Klux Klan, who sent to the office of Mrs. Harriet Minaker, Visiting Nurse for the Bourbon County Health and Welfare League a contribution of fifty dollars.

When Mrs. Minaker arrived Saturday morning at her office in the Varden building, she noticed an envelope on the floor which had been stuck under the door during the night or morning, in her absence. On opening it she found a letter, written on the official stationery of the organization five crisp new ten-dollar bills, which, it was stated, was to be applied by her in relieving distress and furnishing a Merry Christmas to the poor children of Paris. The letter stated, in part:

"Paris Klan knows that you are in a position better to know of just such cases in Paris and Bourbon county, and it asks of you to use the enclosed funds, in your discretion, where the most good can be done. There are no restriction to it as to race, color or creed. A child is a child, irrespectively of its birth or nationality. Your reputation in this community for the good you have done and are doing, is sufficient guarantee to us that the money will be wisely disposed of."

"Wishing you a Merry Christmas and a Happy New Year, we beg to remain,

"Yours for Charity, Humanity, Justice and Patriotism,

"Paris Klan, Realm of Kentucky,"

"Knights of the Ku Klux Klan."

Mrs. Minaker accepted the offering, and with a thankful heart, responded with the following communication:

"Knights of the Ku Klux Klan

"Paris, Ky.

"My Dear Sir Knights: On behalf of the children of our town who will be cheered by your thoughtfulness at this glad season, I heartily thank you. I shall deem it a pleasure to distribute your gifts in a cheerful and painstaking way, in the Christmas spirit, and am sure that no child will be neglected as a result of your kind gifts to them. Again thanking you. I am, sincerely,

"HARRIET P. MINAKER."

DEATHS

Life Is But A Brief Span, A Debt That All Must Pay

GROSCHKE

—Following an operation performed in the hospital at Montgomery, Alabama. Chris Grosche, aged seventy-six, for many years one of the prominent business men of Paris, died at one o'clock yesterday morning. Mr. Grosche's death was very sudden, according to a message received in this city yesterday by his sons, Henry and Will Grosche.

Mr. Grosche was a native of Germany, and came to America when quite a young man, finally coming to Paris, where he was in the bakery and confectionery business for thirty-five years, in the business house on Main street, now owned and occupied by John Merringer. He was a man of the strictest integrity, one whose word was as good as his bond, and one whom everyone esteemed highly. He was closely identified with the business life of Paris in his day, and though a quiet, retiring man, yet took keen interest in all matters that pertained to the business welfare of the city. He possessed a fund of humor, and to those who knew him best he was at his best when recounting some funny incident, which he told in an inimitable, quaint way.

Mr. Grosche was twice married, his first wife preceding him to the grave many years ago. After his second marriage he moved to Montgomery, Ala., where he went into

business, in which he continued to the time of his death.

Mr. Grosche is survived by his widow and five sons, by his first wife, Jos. J. Grosche, of Louisville, Henry J. Grosche and William Grosche, of Paris, Louis Grosche, of Winchester, Leo Grosche, of Akron, Ohio.

Upon receipt of the telegram, Jos. J. Grosche, who is connected with the L. & N. at Louisville, went immediately to Montgomery.

A message from Jos. J. Grosche at Montgomery, Ala., was received late yesterday afternoon, stating that he was leaving with the body, and would arrive in Paris to-night. The funeral will be held at the Church of the Annunciation, at 9:30 o'clock Wednesday morning, with services conducted by Rev. Father William O'Hare. The burial will follow on the family lot in the Catholic Cemetery.

WHAT IS A "BUSINESS MAN"?

Editor Fitzhugh discussing in his Wilmore Enterprise the demand in certain quarters that the Democrats of Kentucky nominate a "business man" as their candidate for Governor next year, pertinently asks:

"What is a 'business man' and just what particular business fits him for this high office? Many men have been sent to Frankfort and to Washington, with the shibboleth of business fitness accompanying them, who have proved disastrous failures in political office. Does the accumulation of wealth, by the development of large concerns, constitute a fitting business man for executive in government? If so, Henry Ford would make an ideal president. Do these papers think so."

"If for 'business' is meant known integrity, honesty of purpose and proven worth, fairness in judgment, with backbone enough to enforce right principle; with ability to guide and brain to decide, then that man is the leader all who want good government have been seeking for. But he is hard to find and still harder to induce into the thankless task of seeking office from a sense of duty. To such men political office means sacrifice."

"Have these papers such a 'business man' in view and is he willing to offer himself for Governor? If so, they should name him. Such a man does not need to be groomed for a dark horse."

The bankers believe that the farmer should practice diversified farming; the former would like to see a little diversified profits.

A fine front window helps a lot; but it won't always cover up bum stock in the store.

LODGE NOTES

—At the recent meeting of Rathbone Lodge, No. 12, Knights of Pythias, held in their lodge room in the Wilson building, the following officers, to serve during the coming year, were elected:

Chancellor Commander, Luther Hall; Past Chancellor, C. M. Plummer; Vice-Chancellor, J. S. Case; Prelate, Walter Blythe; Master-at-Arms, C. W. Harp; Keeper of Record and Seal, J. K. Cahal; Master of Finance, P. J. McCord; Master of Exchequer, J. W. McCord; Inner Guard, Ollie Patterson; Outer Guard, Charles W. Fothergill; Trustee, C. M. Plummer, J. O. Barnett, D. Y. L. Farley.

IMPORTANT NOTICE TO POST-OFFICE PATRONS

Ed. THE NEWS:—Please notify the public that the Paris postoffice will be open until 7:30 p. m. Thursday, Friday and Saturday of this week to handle Christmas packages and mail. The office will also be open from 10:00 a. m. to 12:00 noon Sunday.

Also the R. F. D. windows will be open on the afternoons of Thursday, Friday and Saturday, this week, and will be glad if all patrons of rural routes who are in town those days will call and see if there are any packages for them, as this will help to relieve the congestion of mail in this office, and delay of parcels on Rural Routes, as all insured packages on rural routes have to be signed for, and on account of the great number of insured packages rural carriers will be unable to deliver them to houses. Patrons of rural routes should watch for carriers on their routes if they are expecting packages, and meet them at the boxes, so they will not be delayed any more than possible.

AN ABORIGINAL WONDER

(Augusta Chronicle)

In the early spring of 1921, F. M. Armstrong, living on Third street, cut a limb from a red plum tree, and stuck it in the ground to mark the planting of some seed. The red plum switch was about 20 inches long and less than the size of a man's thumb. A growth sprang from near the top of this limb and grew upward until it is now six feet in height, and at the same time it grew to the ground and at the present time has roots almost as large as a man's double fist. The original limb set in the ground has not grown at all, but the new growth is slowly growing around it. Mr. and Mrs. Armstrong expect to eat plums from this tree. Mr. Armstrong says this is the first case of this kind he has ever heard of, and it was a new wrinkle on the writer. Who can beat it?

RELIGIOUS

A Resume of Events in Religious Circles For Present and Future

—As usual, the Christmas holidays will be featured with a fine Christmas tree at the Presbyterian church, on Friday night, at seven o'clock. Appropriate exercises of an interesting nature will be held in connection with the Christmas tree celebration. All members of the Sunday school and Christian Endeavor are requested to bring their gifts for the less fortunate ones to the church so they can be placed on the tree in time. Remember that at the glad Christmas time everyone should be happy, therefore remember someone less fortunate than yourself, and bring a nice gift for the Christmas tree.

CHRISTMAS CAROLS AT PRESBYTERIAN CHURCH.

—About fifty of the young singers of the Presbyterian church were out for carol practice Sunday afternoon. In spite of the cold building, fine work was done. There will be another practice Wednesday afternoon at 2:30 at the church. The quartette of the church, composed of Mrs. Prichard, Miss Hill, Mr. Harbeson and Mr. Fithian, put in a strenuous week of practice last week on their Christmas numbers. One who has heard the practice and who knows, says that their numbers will be the most beautiful Christmas music that the church has had. A decorating committee of the following members has been appointed: Mr. Roney Davis, Mrs. Kate Reading, Mrs. A. B. Hancock, Mrs. Duncan Bell, Miss Frances Butler and Mrs. Owen L. Davis. The church will be lighted with candles, as it was last year and the singers will wear the surplice. The young people of the Christian Endeavor, in addition to their part of the music will have some special numbers on the program. This Christmas carol service held on Christmas eve itself, the night on which the Christ was born, and in his honor, bids fair to be one of the most impressive ever held in this church. A complete program will be given later.

SENATOR STANLEY FLAYS THE "THIRD DEGREE."

Bitterly assailing what in police circles is called "the third degree," Senator A. O. Stanley, Democrat, of Kentucky, intimated to the District of Columbia committee of the Senate that he proposes to offer a bill prohibiting this police method of obtaining confessions of guilt. The power of the police is often violated by them, he said, and numerous cases of the kind have been brought to his attention. He said these methods are especially high-handed, usually when the man they have in their power is poor and without influence.

Senator Stanley also voted as a member of the committee against a "gun-toting" bill for the District of Columbia. He said the constitution guaranteed the right to bear arms, and persons have the right to arm themselves under certain circumstances.

SAYS CHURCHES MUST "BE JARR-RED UP."

First of all, churches must be jarred from their state of self complacency and assume larger responsibilities for Christian education in the schools, declared Dr. Robert L. Kelley, president of Earlham College in speaking at the annual meeting of the executive committee of the Federal Council of Churches of Christ in America, in session in Indianapolis, last week. He said by schools he meant not only Sunday schools, but the week day schools, the private schools and the public schools.

"Responsibility for adequate Bible study in American education rests upon the schools," declared the college president.

CARE AT CHRISTMAS TIME

At Christmas time many people are so engrossed with the idea of entertainment and amusement for their children, that they are forgetful of the dangers that accompany these entertainments.

Picture the family reunion—gathered around the annual Christmas tree—children, grandchildren, nieces, nephews, cousins and all. The tree with its many decorations, its lighting effects, its imitation snow, tinsel, the presents for all—and Santa Claus with his white locks and flowing beard—when suddenly a flash, and the flend—fire appears. Someone had been careless and the accident occurs. Some little fellow hopelessly scarred for life—or may be the loss of life. The happy scene is changed without warning to one of sorrow, misery and despair. There is a Christmas, the horror of which is forever burned into the memory and hearts of those who but a short time before were so gay and carefree. A family reunion that will never be forgotten. But always the darkness of death or accident in the ascendant. The family with a home gone, a loved one burned, that scene that began so happily, changed in a moment to one of horror and distress.

Lighted candles, on trees in connection with paper tinsel and celluloid decorations, the same on electric lights or light wires, dried holly or mistletoe on gas light, or electric light fixtures, and their wires, any of these might be the cause of the above picture.

These Christmas time pleasures and programs may be so arranged as to preclude the possibility of any such tragedy occurring in the home. Proper supervision of the children, and a little care in preparing the decorations will accomplish this result.

This department requests that all people throughout the State of Kentucky bear these facts in mind in preparing their Yuletide festivities. To that end we extend heartiest greetings and good cheer to all throughout the State, praying that not a single calamity of the kind pictured above may be the part of any resident of this great State. To that extent we ask your co-operation.

PLAN FOR HONOR TO JOHN BRADFORD

To honor John Bradford, founder of the first newspaper published west of Allegheny mountains, historian and champion of free speech the Bradford Historical Society has inaugurated a campaign for public subscriptions to place in the Lexington Public Library a bronze tablet bearing his image and recalling his accomplishments.

Members of the newspaper profession throughout the United States, lovers of free speech, teachers and students of history and all Kentuckians who cherish the memory of trail-blazers who made the Commonwealth a possibility, are asked to help in the campaign.

The committee in charge of the subscription drive is composed of Charles Kerr, Desha Breckinridge, H. Giovanni, Miss Florence Dillard, Mrs. Charles F. Norton and Mrs. Walter O. Bullock.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

PRESIDENT MAKES NEW APPOINTMENT—AND NEW MISTAKES

President Harding seems to be neither wiser nor warier as a result of his experiences with the half a dozen deplorable appointments he has made within the last eighteen months. Daugherty's presence in Cabinet, E. Mont Riley's conduct as Governor of Porto Rico, and Goldstein's rejection by the Senate as unfit to hold the office of Collector of Internal Revenue in St. Louis—all these have given the President worry without seeming to have given him wisdom at the same time.

Joseph W. Tolbert, Republican National Committeeman for South Carolina, is the latest appointee for whom the President is willing to make a stand against good taste and the public welfare. For the second time he has sent to the Senate Tolbert's nomination as United States Marshal for the Western District of South Carolina, although this appointee is under fire and the Judiciary Committee is investigating a charge that he has a court record. It was Tolbert whom Senator Dial, of South Carolina opposed to the ground that he was accused of peddling Federal patronage in that State.

It is not believed that the Senate will confirm Tolbert's nomination. He holds the position now by virtue of a recess appointment, and it seems to be the President's plan to reappoint him if the Senate adjourns without approving the nomination. This sort of thing may be repeated after the adjournment of the regular session of Congress next March. In that event, Tolbert will remain in his job in default of confirmation and in spite of the Senate's indirect disapproval.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Paris citizen who used them and who publicly tells of the benefit derived?

Mrs. A. L. Burley, 329 Eighth street, Paris, says: "I have used Doan's Kidney Pills a few times and from the benefit obtained I can say they are a good reliable remedy. When my kidneys have acted irregularly or my back has been weak and lame I have always found that a box or so of Doan's Kidney Pills, which I get at Ardery's Drug Store relieve the complaint quickly."

The above statement was given November 10, 1916, and on November 12, 1920, Mrs. Burley said: "I haven't changed my opinion of Doan's Kidney Pills, and recommend them just as highly today as when I gave my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

PREPAREDNESS URGED BY GOV. MORROW

In a plea for patriotism and preparedness, Edwin P. Morrow, Governor of Kentucky, declared at the annual session of the New York Southern Society:

"We must make no jest of our armed men, no painted toy of our battleships. God help us to keep forever a watchman on the towers of freedom."

F. J. Garrett, Congressman from Tennessee, discussed the dangers arising from radicalism, saying:

"Sovietism seeks to bring about a centralization of government which will make a single point on which to make a blow. At present the movement is led by the cry of 'on to Washington.' That cry is fatal to the soundness of our government."

SUITS AGAINST TWENTY-SIX TOBACCO MEN

Suits were filed Wednesday against twenty-six members of the Burley Tobacco Growers' Co-operative Association for liquidated damages aggregating more than \$10,600 by the legal department of the association, the damages asked in the suits ranging from \$95 for the smallest grower to \$1,500 for the largest sued.

The defendants reside in fifteen counties of the Burley district, five of the cases coming from Barren county, three from Bath, two from Woodford, six from Garrard, and one each from Anderson, Washington, Mason, Clark, Trimble, Mercer, Bourbon, Robertson, Owen, Shelby and Lewis.

The petitions allege the signing of the co-operative marketing contract with its agreement for liquidated damages by the defendants, charge that the growers are all members of the association and that they have violated that marketing agreement in failing to deliver the tobacco pledged to the association and ask judgment for the liquidated damages of 5 cents a pound and the plaintiff's cost, including attorneys' fees in each case.

The men against whom the suits were filed are:

James B. Ledford, William Ishmael and William Russell, of Bath county; James Berth and James Colson, of Woodford; Chas. Moberly, Lonzy Coffee, Hiram Maupin, James Lamb, Ebb Lamb and Bill Moberly, of Garrard; King Keithley, L. W. Bedford, E. E. Williams, C. A. Owensby and Earl B. Ford, of Barren; S. T. Murphy, of Anderson; Clifton Kidwell, of Washington; Russell Wallingford, of Mason; Hodge Gay and son, of Clark; B. S. Long, of Trimble; Coley Smith, of Mercer; R. M. Ross, of Bourbon; A. D. Overby, of Robertson; G. R. Payton, of Owens; Foree Offutt, of Shelby, and Clay H. Davis, of Lewis.

CLEMENCEAU AND WILSON

Now and then it is not a little refreshing to go away from home to learn the news, and refreshing also even to have some one from abroad come in upon us to tell us what the news is here at home.

For example, consider this bit of news that Georges Clemenceau recently gave to the New York World after he had come out of a doorway in a house on S Street, in Washington:

"But surely you mentioned the fourteen points?"

"Yes, I did, and Wilson's face lit up. He is as firm a believer in their ultimate triumph now as he was when he came to Paris. And he was so touched when I told him that the chief round of applause at all my speeches comes when I have occasion to mention his name. You remember—it was the same at Boston, Chicago and St. Louis as in New York. Make no mistake, the Americans still love their Wilson. Why, even this morning at the War College, it was the same."

KENTUCKY UTILITIES MAY BUY CARLISLE PLANT

A rumor has been current here for the past several days that the Kentucky Utilities Company is on a deal for the purchase of the plant of the Carlisle Electric Light and Power Co. Officials of the local company would not comment on the matter. A representative of the Utilities Company was here last week making a survey of the town.
